Lips bloom in cherry-red
The jealous eyes, the rumours spread
They pull you down no matter what
We all go down the same

Room burns, cherry-red
The jealous eyes, the rumours spread
You're safe in here
You whisper soft, "if they could see us now"

Don't despair, you can't give up
They'll hunt us down, they'll catch us up
We can't stop now
We won't stop now

Don't despair, you can't give up
They'll hunt us down, they'll catch us up
We can't stop now
We won't stop now

Tears run clear and blue
The jealous eyes, they turn to you
We'll stay inside, all the while
The world spins round the same

Room burns, cherry-red
The jealous eyes, the rumours spread
We're safe in here
You whisper soft, "if they could see us now"

Don't despair, you can't give up
They'll hunt us down, they'll catch us up
We can't stop now
We won't stop now

Don't despair, you can't give up
They'll hunt us down, they'll catch us up
We can't stop now
We won't stop now

The world keeps spinning round and round

You're safe in here, a different sound
The world keeps spinning round and round
The world keeps spinning round and round

Room burns, cherry-red
The jealous eyes, the rumours spread
You're safe in here
You whisper soft, "if they could see me now"

Don't despair, you can't give up
They'll hunt us down, they'll catch us up
We can't stop now
We won't stop now

Don't despair, you can't give up
They'll hunt us down, they'll catch us up
We can't stop now
We won't stop now
