its go go go

if you wanna walk ok lets walk  
im always here i wont fade away like chalk  
theres a lake where nobody goes  
a good place to drown your sorrows  
i like the way ou treat your friends like shit  
and you try to make amends  
you set me up to break my face  
but we dont care

i know you're pleased for me  
im as happy as can be  
and you've got through to me  
i hope you know  
i hope you know

go go go!  
go go go!  
go go go!  
go go go!

i know you're pleased for me  
im as happy as can be  
and you've got through to me  
i hope you know  
i hope you know

go go go!  
go go go!  
go go go!  
go go go!
