Hiding behind bottles and models a real poser
sippin' Goose and juice acting like it's ambrosia
we know your type, but we don't believe the hype
gettin' right all night, yeah we breaking' daylight
Bottoms up
be about it, don't act drunk
I keep filling up my cup
getting' stupid we do what we want
drink up
find something that you want
keep on fill in up their cup
get loose and do what you want
Hook
No bottle service
'cause we buying out the bar
Always
buying out the bar
we just
buying out the bar
I said
No Bottle Service
'cause we buying out the bar
Always
buying out the bar
steady
buying you the bar
Got plenty room to dance
my girls don't wear pants
body shot after shots, shots
slip into a trance
don't you that your friends were hot like these?
we bag dudes and chicks
bring the party to it's knees.

Bottoms up
be about it, don't act drunk
I keep filling up my cup
getting' stupid we do what we want
drink up
find something that you want
keep on fill in up their cup
get loose and do what you want

Hook-
No bottle service
'cause we buying out the bar
Always
buying out the bar
we just
buying out the bar
I said
No Bottle Service
'cause we buying out the bar
Always
buying out the bar
steady
buying you the bar

Marvin Priest
So bizarre when we buy out the bar
Vodka, Hennessy, I want it all
waitress come make me give you me card
let's add it up now
we no have time fi stall
it's amazing, we so dangerous
anytime we step in the club we spend crazy
money spend pon a regular basis
champagne, shots top dollar
(inaudible)
