So sorry, whisper all night
I lay here deep in silent night
My head consumes the light
Too much thought, my life's evolving

I wish that I could buy
Another world that's so grown up
Inherit sleepless cries
I'd rather kill the torment
Kill the torment

Say, it's alright
Can't, I won't move
I'm always awake
Should, this time
You, forgive me
Surrender, awake

You've seen the worst of my dreams
I can't escape this endless breach
Holding on so tight
Writing lovers, stories hopeless

So place on my eyes, the sins of my life
Can we see the hands above her
See the hands above her

Say, it's alright
Can't, I won't move
I'm always awake
Should, this time
You, forgive me
Surrender, awake
Awake

Say, it's alright
Can't, I won't move
I'm always awake
Should, this time
You, forgive me
Surrender, awake

Say, it's alright
Can't, I won't move
I'm always awake
Should, this time
You, forgive me
You're always awake
