Years gone, moved on my own
Thought I did well for myself
Truth is I dunno
If I have it all

Had you, had true love
I left you hurting, lost and cold
My worst mistake of all
Never Felt this low

Pre-chorus:

I'm praying that its not too late
I'm praying that its not too late
Your the kinda love that I never
ever wana forget

Chorus:

I just cannot forget
eh eh eh eh eh eheyeh eheyeh
eh eh eh eh eh eh (2x)

If you came back, I'll hold you
and I'll never let you go
I'm high you kept me low
I'm nothing like before

This time I'll stay, forever this way
I would be there at your call
As true as this song
Wont you walk through my door?

Pre-chorus:

I'm praying that its not too late
I'm praying that its not too late
Your the kinda love that I never
ever wana forget

Chorus:

I just cannot forget
eh eh eh eh eh eheyeh eheyeh
eh eh eh eh eh eh (2x)

Bridge:

Remember you said you'd love me forever
Be it night or day whenever, whenever.
Remember you said you'd be there when I call
For my laughs and tears whatever
Be it night or day whenever..ever..ever
No its never to late

(I just cannot forget
eh eh eh eh eh eheyeh eheyeh
eh eh eh eh eh eh 2x)

Pre-chorus:

I'm praying that its not too late
I'm praying that its not too late
Your the kinda love that I never
ever wana forget

Chorus:

I just cannot forget
eh eh eh eh eh eheyeh eheyeh
eh eh eh eh eh eh (2x)
