It's so good to know somebody loves me  
But when you go away, so mad, so sad  
I feel so alone at night  
When I'm reaching out and I cannot feel you

I'll be wishing you were near  
I want you by my side  
Having you right here  
Would make me feel so much better  
Just a simple touch from you  
Turns rain into sunshine  
I just think of you and you appear

Chorus:  
When I get lonely  
I just think of you  
When I get lonely  
Every time I get lonely  
I just think of you  
(and you come around) 2x

it's so good to be a part of something  
the love of my life you are to me  
but a part of me dies inside  
when I reach for you and I cannot touch you

I'll be wishing you were near  
I want you by my side  
Having you right here  
Would make me feel much better  
Just a simple touch from you  
Turns rain into sunshine  
I just close my eyes and you appear before me

CHORUS

I always want you next to me  
I never wanna let you go oh no  
You're my fantasy  
Forever, endlessly  
I love you always
