Verse I:

I met this guy a year ago
Somewhere down south in Mexico
He was dancin' & he was brown skinned
& I was thinkin' "Damn I gotta have him"
I sashayed by to catch his eye
We talked for a minute then we danced all night
Meringue he was suave
& I was fallin' Ooh he swept my heart away

B-Section:

I guess I was caught up
(in) His flame which burned me up
(&) If I would've known back then
(I) probably wouldn't test my luck
(&) played his silly game
(He) killed me with his touch
(&) cured me with his kiss
(I) just couldn't get enough

Chorus:

He's poison He'll hurt you
He got me Before you
He's so smooth (His Love Is)
There's no use (His Love Is)
He's poison (His Love Is)
He'll get you

Verse II:

From the dance floor to his estate
We were speeding all down the highway
We were kissing & rubbing
So addicted to his lovin'

B-Section

Repeat Chorus

Verse III:

For all you girls out there
He's Poison So Beware
He'll get you
To love him
& then he'll
disappear
