All day all night, all day all night  
All day all night, all day all night

Ever since you came into my life I been so excited  
'Cause you treat me right, I feel so good inside, I'm so  
delighted  
You hook me up, you shook me up and you broke me  
off  
Now I give my love to no one else, you get it all

(Boy you're always on my mind)  
Everyday, every kiss, every time I see you boy, I want  
you more  
(I think about you all the time)  
Until the end of time, it's you and I all day and night

All day and night I wanna just spend my time with you  
(Spend my time with you)  
You serve me right, in a way nobody else can do  
(Nobody else can do)  
You treat me like a queen and I can never get enough  
(Can never get enough)  
All day and night my baby, you break me off

All day all night  
(You break me off, you break me off)  
All day all night  
(You break me off, you break me off)  
All day all night  
(You break me off, you break me off)  
All day all night  
(You break me off)

Since I got with you babe, you never strayed or played  
me, baby  
You never done me wrong, you've always treated me  
like a lady  
My friends try to tell me that you're not for real  
But they need to go, 'cause they don't know how I feel

(I get a rush when I'm with you)  
Every kiss, every touch, every time the mood is right,

it's you and I  
(You are all I want to do)  
I don't want no one else just you, yourself and I

All day and night I wanna just spend my time with you  
(Spend my time with you)  
You serve me right, in a way nobody else can do  
(Nobody else can do)  
You treat me like a queen and I can never get enough  
(I can never get enough)  
All day and night my baby, you break me off

All day and night I wanna just spend my time with you  
(I'll give you all my time)  
You serve me right, in a way nobody else can do  
(My heart's on my mind))  
You treat me like a queen and I can never get enough  
(Woo, whoo)  
All day and night my baby, oh, you break me off

I'll give you all my love  
I will give you all my love forever  
Just stay down with me  
Forever and ever

All day, all night  
(All day, all night, you break me off, you break me off)  
All day, all night  
(All day, all night, you break me off, you break me off)  
All day, all night  
(All day, all night, you break me off, you break me off)

All day, all night  
(All day, that's right, you break me off, you break me off)  
All day, all night  
(All day, all night, you break me off, you break me off)

All day, all night  
(All day, all night, you break me off, you break me off)  
All day, all night  
(All day, that's right, you break me off, you break me off)  
All day, all night  
(All day, tonight, you break me off, you break me off)

All day and night I wanna just spend my time with you  
(Spend my time with you)  
You serve me right, in a way nobody else can do  
(Nobody else can do)  
You treat me like a queen and I can never get enough

(I can never get enough)  
All day and night my baby, you break me off

All day and night I wanna just spend my time with you  
(Spend my time with you)  
You serve me right, in a way nobody else can do  
(Nobody else can do)  
You treat me like a queen and I can never get enough  
(I can never get enough)  
All day and night my baby, you break me off

All day and night I wanna just spend my time with you  
(Spend my time with you)  
You serve me right, in a way nobody else can do  
(Nobody else can do)  
You treat me like a queen and I can never get enough  
(I can never get enough)  
All day and night my baby, you break me off
