[Talking:]

I know you want me

I got your mind paralysed

Is it the infatuation that keeps you awake at night?

[Chorus:]

When you think about me

Do you think about us

Fallin in love

Do you wanna get

With me

With me

Do you think about me (tell me tell me)

Do you think about us

And making love

Do you wanna get

With me

With me

When you sleep at night

Does monica star in your dreams

Are you thinking of me all the time

Or does it mean

Do you fantasise

To your surprise there i am

Making you realise

Deep inside you wanna be my man

Are you still playin childish games

Or all grown up

Because my appetite says

Too much is not enough

Im curious

And i don't need to make a fuss

But i think about you

Do you think about us

[Chorus]

Tell me

Do you think about... (me...)

When you daydream does sweet marie
Stay on your mind
Or do you find yourself wishing you were here by my
side
Do you wanna have responsible to get me a vote
Don't just hit me on the pager or my cell telephone
When you at the club
Is there no one else that turns you on
The way you lookin at me
I can tell you wanna get it on

Im curious
And i wanna feel
The heat of your touch
I think about you
Do you think about us

[Chorus x2]

When you think about, think about...
Tell me do you think about me and you
Do you wanna fall in love
Shine like the stars above
Tell me if you think about me and you
If you wanna be my man then take me by the hand

All day i wanna do
Spend my time with you
All night i know you wanna get with me too
Do you think of me the way that i think about you
You can serve me like nobody else can do
When you think about me..
When you think about me...
Tell me
Tell me
When you think about me
Do you think about us
Tell me tell me
