It's been a long time coming. We knew it would come to this.

Time for us to part. No one wants to take the risk.

We tried to stick together, pretend there was nothing wrong.

Is it all over, girl? I really have to know.

Let's wait and see. Give love a try. Let's leave the past behind.

Chorus:

No don't think about it (don't think about it).

Don't think about it (don't think about it)

No don't think about it. (don't think about it).

Let's give love a try. (Woooo don't think about it)

Don't think about it. (don't think about it).

Girl, let's leave it behind (don't think about it, don't think about it)

If we asked each other now is it time for us to part.

The answer would be yes, not coming from the heart.

We should wait a while, girl. Forget about our past.

Don't think about it any further. Let our future last.

Let's wait a while. Give love a chance. Leave the past behind.

Chorus:

(don't think about it, don't think about it)

No don't think about it (don't think about it- woooo)

Don't think about the past. (don't think about it -don't think about it).

Girl, just leave it behind. (don't think about it -don't think about it).

Don't, don't, don't, don't, don't, don't, don't, don't think.

Don't, don't, don't, don't, don't, don't, don't, don't think- think.

Don't, don't, don't, don't, don't, don't, don't, don't think.

Don't, don't, don't, don't, don't, don't, don't, don't think - think.

Baby hold on. Put your suitcase down. Don't give up so soon.

True love is homeward bound. Girl!

Chorus:

No don't think about it (don't think about it).

Don't think about it (don't think about it)

No don't think about it (don't think about it- woooo)

Don't think about the past. (don't think about it -don't think about it).

Girl, leave it behind. (don't think about it -don't think about it).

Oh, girl! No, don't think about it (don't think about it)

Don't think about it (don't think about it)

No don't think about it (don't think about it- woooo)

Let bygones be bygones (don't think about it)

Hey and leave it behind. (don't think about it -don't think about it).

Oh! No don't think about it (don't think about it).

Don't think about it (don't think about it)

No don't think about it (don't think about it- woooo)

I wouldn't lead you on, girl. I know the two of us can get it on

If we keep on, girl

Don't think about it (don't think about it)

Don't think about it (don't think about it)

No don't think about it (don't think about it- woooo)

Hey! Don't think about the past, girl. (don't think about it)

No, just leave it behind.

No, no, no, no, no, no, no

Don't think about it (don't think about it)

Don't think about it (don't think about it)

No don't think about it (don't think about it- woooo)

Let's try and work it out, girl. (don't think about it)

Leave the past behind, yeah.

No, don't think about it (don't think about it)

Don't think about it (don't think about it)

No don't think about it (don't think about it- woooo)

Don't think about it, don't think about it, don't think about it
