

One Way

"One Way System"

Visit "[One Way System](#)" on MotoLyrics.com

We ain't going nowhere
We're not going far
Still got to walk
'cos we're not the stars
Passing on, taking life in our stride
Same thing everywhere
At least we tried
Pushed to the edge
By an unknown strength
An inch is an inch
And a bit more length

We're on a one way system to nowhere
One way system we don't care
One way system to nowhere
We're going off the edge of the world

We're all going somewhere
We're all going far
Don't have to walk
'cos we've got our car
Drivin' and taking life in our stride
Same thing everywhere
But we've tried
Pushed to the edge
By an unknown strength
An inch is an inch
And a bit more length
