(this may not be what you expect)  
Tour can be very unpredictable  
Especially when you don't have any money  
1997 was our first big trip  
We didn't get too far before we ruined Tom's car

Can't seem to get a break down on the interstate  
3 day van may have been a mistake  
Picking up Paul in the U-Haul  
Danadar let me out it's hot back here

(chorus)  
Well this may not be what we expected  
But soon all our problems will be corrected  
Some how everything seems to turnout find  
(and we know who to thank every time)

One highlight was playing the underground stage  
But Pauls not even making minimum wage  
Now all of our shows are falling through  
So we got nothing to do  
And three pirates too  
Gimme a coke with 6 straws  
Who's got 10 bucks to feed us all?  
There's not much to eat  
Looks like Tom Manns is cheap  
I'd like to pay for my friends  
But there's nothing to spend  
(Nothing to spend)  
Tom can't pass the teacher test  
And the old van plays cassettes too fast (kenny)  
I'm sick of work  
Let's try and go full time  
Invade the united states with the deal and the saints!  
Did you bring your toothbrush?  
-Yeah  
No you didn't did you?  
-No.  
Nothing ever goes the way it should
