I'm barely breathing,
I've got no reasons,
give me the meaning behind the way that I feel.
my mind was racing
my heart was beating
I felt beside myself just racing back and forth
i'm feeling crazy, she looks amazing
i'm trying hard not to give in,
you me ready to go

maybe we should give in
to this decision
its not like we're gonna regret it
I know what it means now, oh..
i'm feeling crazy
no you won't fake it

what you got girl

is something so amazing

ohh yeah, yeah

just your smile girl

is something that could change me

yeah yeah yeah yeah yeah

don't overthink it
don't wanna miss it
it feels like it babeh babeh
i just won't even care
your kiss's like magic
oh so tragic
wish I could hide this
into being in control

what you got girl

is something so amazing

ohh yeah, yeah

just your smile girl

is something that could change me

yeah yeah yeah yeah yeah

[instrumental 20 sec]

when loves not feeling true
and you don't know what to do
when love comes to an end
and i'll outside pretending
to turn away
thats when i see your face
because you found somebody new
when someone wants you

what you got girl

is something so amazing

ohh yeah, yeah

just your smile girl

is something that could change me

yeah yeah yeah yeah yeah

what you got girl

is something so amazing

ohh yeah, yeah

just your smile girl

is something that could change me

yeah yeah yeah yeah yeah
