All I want is
All I need is you
I Said I need you baby
Your looks just set you worlds apart
I think I knew your love by heart
Never gonna fade away

(oh yeah)

I think you knew it from the start.
I know I tore your fame apart.
Never gonna fade away.
Just wanna hear you say.

Love
Your love
You're loving me.

(yeah)

Your love
Your love
You're loving me

(oh)

You're loved so that I can pull it apart
I never knew that your so loving arms
Until I spent the day
It made my problems fade

Now all I have to do is see
See how you'll really truly be
Will things ever be the same?
Just wanna hear you say

Your love
Your love
You're loving me

(yeah)

Your love
Your love
You're loving me

(oh)

And it would be such a shame
Don't let it go to waist
Don't let your love go to waste
Oh yeah
And you know my love is true
cause it only works on you

(yeah)

Love
Your love
You're loving me

(yeah)

Your love
Your love
You're loving me

(yeah)
