[Verse 1]

You got to be a tardy for the party  
Sippage and chickens filled with Bacardi, I meant a  
Blondie ah named Goldie  
Ah I bet her nooky got a real gold-t gha gha gha gha  
gha  
My game is something like a futuristic I Betty crocker  
chicks huh, make em  
Linguistic narcissistic with on thoughts call me a  
halogen and I'm artistic  
With the darts call me a pessimistic  
You challenging my swag is really something  
unrealistic optimistic I'm  
Testing for a rap chick to try to mention this ah give em  
french kiss ah  
Then I'll dismiss them welcome to the abyss  
I'm tighter than a garter your just a squatter on my dick  
I flips birds  
Better than a tantrum flips kicks,  
I rip competition and sink em like battleships  
The sippy got me tipsy and I'm ready to get it in  
I'm moving like a a gypsy on a chick spree  
Begging all the haters in the joint to try to get me  
I bet in the mist of it They'll find a live banshee an og  
on my thrown see,  
Looking at the gummies  
I'm nibbling as I'm winning and I made ya'll an amputee  
from the beginning  
And I'm not human that's how I spit out this venom and  
then rap you round  
My finger like a ring cause I'm pimping en them, now  
what

[Verse 2]

Watch what you say I'm on top like a toupee  
Tripping like a rufee in the membrane I'm insane with  
the flow call me the  
Hit man the it man  
I'm something like the glitch man you understand  
Call me something super like the Aquaman I hold  
dudes up,  
Like an m and fing kicks stand  
Leave them soak and wet bursting like a sweat gland  
Cause I demand a bad chick on my left hand  
With a loaded middle finger on my right hand  
I'll show you how a true baddy do  
I'm stuck on your dudes mind like gorilla glue  
I misuse my sex appeal to play with these fools,  
Cause I got more tap tap than duck duck goose  
And I got more blap blap than my deuce deuce  
My swag is sicker than ah a chunked up deuce, you're a  
goof troop and ah  
I'm the bomb oooh
