Lost in a world of corruption
you're gonna fight to try and win
with all this corruption
it's pretty hard to win

it's a corrupted world
it's a messed up world
it's a corrupted world
a troubled world
[x2]

Lost in a world of violence
don't understand a thing
we don't need all this violence
'cos it can't help us win

it's a corrupted world
it's a messed up world
it's a corrupted world
a troubled world
[x2]
