[Intro]

[Chorus x2]

Writing these few lines
To let you know that you are my sunshine
And I would just love to speak my mind
But I just can't find the words each time

[Verse 1]

It's been for long you know
That my heart has beaten just for you
When I'm all alone or with anyone; that is true;
That I'm thinking just about you
Whether cold or warm
Whether street or home
As far as my eyes can see
As long as I breathe you're my love but now
I'm mad;

[Chorus x2]

[Verse 2]

Baby girl you make my grey skies blue
When was giving up I suddenly found the clue; So;
Loving you makes me feel brand new and;
Every time I look into your eyes; I see both of us in
the future
It's gonna be bright I swear
You and me in the future
Just turn on the lights my girl, cuz;

[Chorus x2]
