determination in this game.

[Chorus: x2]

Determination I live for the pain Determination is the
name of this game
Determination is my claim to fame Determination is
reason niggas know my name

[Verse 1: Sheldon m. Davis]

Determination I do not quit haters talk but I don't hear
that shit,
And a bitch nigga get for real I was born and raised in
duval Jacksonville
From Florida to Carolina I put in work all the help
I ever got was inside my shirt
I could trust nobody but my own self I spent my own
money to create my wealth
2 3 4 and I'm still on the grind and aint nobody gone
get shit if I don't get mine
You out of time aint no need to explain fuck boys get
fucked nigga that's the game
I make a dollar out of nothing but what I say I can
create or destroy any day
I'm slow to speak I need to know if you weak I listen
close to hear a bitch when you speak
When a nigga tell me something I aint quick to respect
it
I watch 'em for a while sit back and die sect it.
I watch the game cause I know this shit I seen a rich
nigga be a broke nigga o so quick
I got so much experience that my hair is grey respect
your elders nigga do what I say
And ho's get in line to take your turn to give a O.
G. some head while you sweat out your perm

[Chorus: x2]

Determination I live for the pain Determination is the
name of this game

Determination is my claim to fame Determination is
reason niggas know my name

[Verse 2: Mike James]
