You seemed so strong, stood your ground
Is this enough to make you proud?

The seasons barely change
They move too fast for me
Back home the autumn leaves
Are falling softly from the trees

Don't take this away
I'm close to sanity
I pushed against the grain
And drove a thousand miles away

There's nothing left
(I've given all I have)
Done what I can
(I've leaned into the wind)

It's all
(It's all) For you
(I've done all that I can)
There's nothing left
(I've given all I have)

You seemed so strong, stood you ground
Is this enough to make you proud?
You seemed so strong, stood your ground
Are you proud?

Winter turns to spring
But it still looks the same
The city is gray
And there's still the constant rain

Now I understand the things
You gave to me
Because I have the means
To fight a faceless enemy

There's nothing left
(I've given all I have)
Done what I can

(I've leaned into the wind)

It's all

(It's all)

For you

(I've done all that I can)

There's nothing left

(I've given all I have)

I'm sorry. I'm trying

Are you there?
