(Nate Cabral)

I ain't never told anybody this
But i ain't ever held anything back
So i gotta get it off my chest
Move on with your life i aint coming back
Look girl and you had your chance
And you made mistakes
And you lost your man
And you lost your plan
And i hope it hurts
Went right for the win
But you lost your hand
Look girl, Look girl
Theres so many fish in the sea
That I'm running out of poles
And i don't want your bait
But i just want you to leave
So
Girl, just leave me alone
I look right down
And your blown up my phone
I don't want a missed call
I don't want a sad text
I don't want to call back
I don't want you back so

(Rihanna)

You the one that I dream about all day
You the one that I think about always
You Are The One So I Make Sure I Behave!
My love is your love, your love is my love (x2)

(Nate Cabral)

Look girl and you got to move on
You made mistakes
And regret your new wrongs
Went back to your old guy
Now you want me back
You so high

I don't know why, I don't know why
Your coming right back for a second try
Sick of being hurt
And I'm sick of all the lies
Forget about us
You said your last bye
I would never ever go back to you
Please don't beg, not trying to be rude
But you need to learn just a thing or two
Before you try and cheat with another dude
So, I've been on my grind since the day we split
You with your man till he called a quits
Now you say you all alone
And you want me back
Had to say no
For the things you lack
So

(Rihanna)

You the one that I dream about all day
You the one that I think about always
You Are The One So I Make Sure I Behave!
My love is your love, your love is my love (x2)
