Don't cry, don't cry the ups seems gone!
Don't cry, this mad world still can be one!
And all these tears
That blind and cloud your days
Will fall to the ground.
Your bitter fears will fade away.
Hold on, until the journey is end
Hold on, this broken heart to an end.
Reach out, I'll come and take your hand
One day, your darker seas will lead to promise land.

Hold on, let it pass you by
Hold on, don't quit
You've got the angels by your side.
Your heart is strong enough
To see this mad one won,
Your faith will make the morning come.

Don't cry, I've seen this journey through!
Don't cry, I'll cross the storms to find you!
And carry you home,
To never go away
To rest from the storm
And find the joy to pass you seeding through the pain

Hold on, let it pass you by
Hold on, don't quit
You've got the angels by your side.
Your heart is strong enough
To see this mad one won,
Your faith will make the morning come
Your faith will grind the rising sun.
