Paint, good pussy and fame, got it lined up
Never clouded my brain
I swear to god when I'm in heaven,
Triple 7 yeah that's my squad
Learning these lessons, my brethren, keep mac 11 off
in they car

Bsp nigga that's my block, go against us you won't go
far
Told them back then that I had a plan,
I would be the man, put it on my hand, man I will be
right here
In the dark with my bright ideas, way you head on my
so called peers
Never had a nigga teach me shit that I couldn't learn
for my own self my nigga
Catch me with a red bone bitch in a 2 door whip that's
rough my nigga
Tell that girl lickin licks roll up, have em all ready,
ready
When my click show up, and they all bow down
Yeah these niggas know us, so we ysl triple 3's throw
em up
Hot flows and a top dog, I had that since young though
White miss on my lungs though, let it out and it look
like gun smoke
I dropped the album, full of real shit
Know nigga where I'm from, never did that
Now the 10 gears, maybe 13,
But now I'm here and I'm intact
I'm in tuned and in fact, I'm in the leader, this pack
I stay home and I make stacks, y'all move the way then
came back
Done left again, while I'm moving so effortless
Strategizing my messages, my weaponry's so
strenuous
Create a flow so continuous, while I'm in this shit I
intend to win
Time and time again, it gets my rhyiming friends
Lookin at your soul, I can tell it's got a price
New girl should be fucked by tonight

New shoes girl that's what you like
I know I said it once, now I say it twice
