I barely talk, and still i've managed to say the things i
never wanted to.
I dare you to walk stone-faced and straightened up, a
mile in my shoes.
and i bet you fall as soon as you're outside. I bet you
stop before you even try.

Get up, Get up, Get up.
Stay away, survive.
Get up, Get up, Get up.
Why are you suprised?
there's so much I've gotta say in so very little time.
Get up, Get up, Get up.
There's no time to cry.

I wanna know reality from fiction. Have the truth in clear
depiction, written out.
I dare you to stand in a room full of opinions,
silent while they're judging you out loud.
I know you think you've seen it all before
I bet you're scared to walk outside that door.

Get up, Get up, Get up.
Stay away, survive.
Get up, Get up, Get up.
Why are you suprised?
there's so much I've gotta say in so very little time.
Get up, Get up, Get up.

There's no time to cry your eyes out.
Spend time thinking about the possibilities,
like how you'll get where you wanna be.
Change your mind-set, that's the only way you'll get
where you wanna go.
If you never try, you'll never know.

Get up, Get up, Get up.
Stay away, survive.
Get up, Get up, Get up.
Why are you suprised?
there's so much I've gotta say in so very little time.
Get up, Get up, Get up.

Get up, Get up, Get up.
Get up, Get up, Get up
There's no time to cry.
