My fingertips are free,
I'm doing as I please.
No sidewalk standing, I'd feel better in the middle of
the street.

It's half-past 6 am,
these four blank walls again,
i've been making puppets out of shadows just
to keep from caving in.

cause you're driving me insane,
try calling me by my name.
it's getting old,
i swear i'm only growing colder towards

you.
it's nothing but you,
just more unnecessary commentary,
i swear that its true.
lalalala, i'm blocking the sound
how's it feel to be a let-down?
i can be heartless too.

so stop telling me you "just wanna talk"
cause i know what it'll lead to-
you actually thought your headgames were new to me?

i've been here before a thousand times.
different person same old lines,
same old rhythm different rhymes.

cause you're driving me insane,
try calling me by my name.
it's getting old,
i swear i'm only growing colder towards

you.
it's nothing but you,
just more unnecessary commentary,
i swear that its true.
lalalala, i'm blocking the sound
how's it feel to be a let-down?

i can be heartless too.

i'm getting up, i'm dusting off.
me? i'm fine but i know
you're not ever happy with my 'stupid conversation
topics'
i'm hearing you over me,
raise my voice til it's a scream.

i bet you didn't hear a single word when i was talkin.

cause its all about
you.
it's nothing but you,
just more unnecessary commentary,
i swear that its true.
lalalala, i'm blocking the sound
how's it feel to be a let-down?
i can be heartless too.

i can be heartless,
oh i'm oh so heartless,
i can be heartless,
now i'm heartless just like you.
