"Of The Leper Butterflies"

Visit "[Of The Leper Butterflies](#)" on MotoLyrics.com

Oh why?
Oh why the butterfly of man?

Oh why?
Oh why precious beauty?
With eyes that speak tongues
Foresight and memory, maelstrom wormholes
Behind, the vast passion
A wish is made upon a nebula
From the leper's kiss

Conjuring ordered chaos
Kaleidoscope in motion
Adorned a porcelain mask
O'er the enigma... Pierrot of te garden
Where light parts way
The leper has come home...

I, leper
...Why, why?
I,leper
...Why?
