We come from the never
Exist til the ever
A vampire of lust
To the end of endless time
Mindless self indulgence
Endulge in your fate
From you are we are born
March within our ranks
To the sound of your pounding heart
Your pounding heart

Fear is in your eyes
Sever the zombiatic nerve
Dead beating in our hearts
We thirst for your demise

Day turns to night
Night turns to day
We hunt all life long
Ages of past
A birth out of the shadows
Amongst the living we die
Collapsing under pressure
Overcrowd the empty mind
Walk like the invisible
The invisible

Fear is in your eyes
Sever the zombiatic nerve
Dead beating in our hearts
We thirst for your demise

Come out and find us
Come out kill us
We are right behind you
We live inside you

Fear is in your eyes
Sever the zombiatic nerve
Dead beating in our hearts
We thirst for your demise
