Communication, exchange of the digits
Mature ones, we're ready to get it
So you lam, decided to swing through
I bet you, I wouldn't it fashion with
You're look like the top and...
Heard you bout a life no counterfeit inside
I'm loving these deeds, plus your face is neat
Match me at the dinner buffet then you

I love you but I'm lying
Maybe tumble but real real love of yours and mine
Some... extra curricular, I mean all I wanna do is
Spin you up, fill you up, fill you up
Fill you down, down, down
Spin you up, fill you up, fill you up
Fill you down, down, down

My mind is gone for real, when I try to speak
So that means so that means
You give me what I need
My mind is gone for real,
When you're next to me
Head to toe I'm addicted so don't leave me lonely

A later off inside the bar at dawn
Club closing up so where we're going?
Sample me and don't lead about
Cream my style and hold me tight
I don't know you familiar, you finishing my letters
But I deal up praying for what the pillars
Let's experiment with an experience
Pissing my heart with your sexy secrets
And then next to none, lips were kissing
But the best of the best is what you passing the
distance
You might have a lover like I might have a hit
And we both all in show...
Let's bubble dominos for exotic phenomena's
Picking a single pus and pulling...
I wanna see you in my... if that's possible...

My mind is gone for real, when I try to speak
So that means so that means
You give me what I need
My mind is gone for real,
When you're next to me
Head to toe I'm addicted so don't leave me lonely

And it goes a little something like this

My mind is gone for real, when I try to speak
So that means so that means
You give me what I need
My mind is gone for real,
When you're next to me
Head to toe I'm addicted so don't leave me lonely x 2
