### Verse

feeling tired, feeling scared  
same old excuses that get you nowhere  
get up, get up, get up

looking up, looking down  
trying to get your feet back on the ground  
so you can get up, get up, get up

### Chorus

get up when the world look like a blur  
get up when you forgot who you were  
when it feels like you've lost all control  
get up, get up, get up

### Verse

nowhere to go, nowhere to hide  
covered in shame you swallowed your pride  
get up, get up, get up

afraid to laugh, afraid to cry  
don't sit around wondering why  
get up, get up, get up

### Chorus

get up when the world look like a blur  
get up when you forgot who you were  
when it feels like you've lost all control  
get up, get up, get up

### Bridge

under pressure, in a bind  
overwhelmed, out of time  
looking for a reason or a rhyme

### Chorus

get up when the world look like a blur  
get up when you forgot who you were  
when it feels like you've lost all control  
get up, get up, get up  
get up, get up, get up  
get up, get up, get up
