BROOKLYN NEWSIES

Newsies need our help today (Newsies need our help today)

Tell 'em, Brooklyn's on the way (Tell 'em, Brooklyn's on the way)

We're from (Brooklyn)

We are (newsies)

We are Brooklyn newsies

Just got word that our buddies is hurtin'

Facing total disaster for certain

That's our cue, boys, it's time to go slummin'

Hey Manhattan, the calvary's comin'!

Have no fear (you know we've got your back from way back)

Brooklyn's here (we'll get your pay back and some payback)

We're the boys from the beaches of Brighton

Prospect Park and the navy yard pier

Strikes ain't fun, but they sure is exciting

Loud and clear - Brooklyn's here!

SPOT CONLON

Borough what gave me birth

BROOKLYN NEWSIES

Friendliest place on earth

Pay us a visit, you'll see what we means

And when you do (when you do)

We'll kick you halfway to Queens

Now them soakers is in for a soakin'

What a sad way to end a career

They's a joke, but if they thinks we're jokin'

Loud and clear

Manhattan's here

Flushing's here

So's the Bronx (Bronx cheer)
