[Verse 1: Gabi]

I could pass up every woman in the world if you assure
me that I never have to worry
About personal ambitions, insecurities or petty little
fights being a reason for having our love buried
Flaws can't be fixed in a hurry, instead we can love
each other for everything worthy (yeah)
Coat you with the warmest love as if it's furry
And since I can't be blind to your past, swear I'm tryna
to see it blurry
Honest without regret, that's commendable
And even though my expectations were disappointed, I
gotta let go
I just felt like skeletons in your closet became an echo
Like being asked to save money with a gecko
So maybe you ain't been a virgin for a while
But who said you had to wait for someone that you
didn't know exists
Is it worth losing a lifetime smile?
And my heart being forever eclipsed? I don't care...

[Hook: T]

Who you are
Where you're from
What you did
As long as you love me
Things I've said
My past is gone
Please hold on
As long as I love you

[Verse 2: Gabi]

I love you unconditionally, isn't that what really
matters?
It's not a valentine, or only when it's convenient type of
lust
It's that mother-child, first pet, soldier fighting for his
country, twilights' Bella-Edward type of love
But I get how that may be hard to believe
When my actions and reactions say otherwise
I prefer nothing official and I never grieve, just happy

the way we are and I don't see how it helps to cry
It also doesn't help to lie
But it was about my past which at this point shouldn't
apply
This is me, no disguise
Give me some credit cause I always apologize if I'm
wrong and try to compromise for the sake of our love
All I ask is that you do the same
To your heart, I'd only inflict a growing pain
Is it worth losing a lifetime smile?
Look me in the eyes and say it back, I don't care...

[Hook: w/ ad-libs]

[Breakdown: T]

Don't care who you were
I fell in love with who you've become (yeah)

I know that I'm not perfect, and babe I hope it's worth it
You're the star when my sky is searching for it's light
I won't wish upon ya, cause baby I got ya
Our future is bright, I'll love you tonight yeah
I'll love you tonight Oohh
I don't care...
