Shit's gonna get real tonight.

[Verse 1 - Luke]

Everything is going right, except one little thing that might, make us happy as ever so I'll take the chance tonight.

I'll step up and be a man, be a gentleman and hold your hand and swipe you off your feet so quick but catch you right before you land.

But before that happens, I guess you'll need to know my name. I'm shaking, heres my number, I'll just pray that you feel the same.

[Chorus - Carly]

Hey I just met you (hey), and this is crazy (this is crazy), but here's my number (my number), so call me maybe (call me). It's hard to look right, at you baby, but here's my number (my number), so call me maybe.

Hey I just met you, and this is crazy, but here's my number, so call me maybe (call me). And all the other boys, try to chase me, but here's my number, so call me maybe.

[Verse 2 - Luke]

I don't know how you do it, your body, personality is so perfect.

I hope we'll be together, never say never, if you call me we'll be shining bright in any weather.

I wish I could show you who, I am, but first I need you to, give me that call, we can have it all, Summer Spring Fall, \_\_\_\_\_, I will show you that I can treat you right, and I will show you this whole world is out of sight.

Imma give you everything tonight, I will show you that I'm right, yeah!

[Chorus - Carly]

Hey I just met you (hey), and this is crazy (this is crazy),  
but here's my number (my number), so call me maybe  
(call me). It's hard to look right, at you baby, but here's  
my number, so call me maybe.

Hey I just met you, and this is crazy, but here's my  
number, so call me maybe (call me). And all the other  
boys, try to chase me, but here's my number, so call  
me maybe.

[Verse 3 - Luke]

I'm sitting picturing our first night. It's killing me inside,  
I'm Superman, you're kryptonite.

Cos on the first date, I will show you that is, be a good  
thing, I aint ever gonna quit.

I will hold on first chance, \_\_\_\_\_, you are  
perfection.

I'll go beyond and above, to be the one that's right.

I'll prove to you that a love won't only last tonight.

So I'll be staring at my phone all night, just pick it up  
and make the call, let the love ignite, yeah!
