You were on top of him,
Making him groan and sweat,
That night will never be over and done,
That pleasure face of yours,
Riding him keenly fast,
Shot my heart like a fucking gun.

It was never meant to be this way,
It was never meant to be this way,
It was never meant to be,
It was never meant to be.

What I've wronged you,
Is this what I get from,
All the sacrifices,
I have given you,
What I've wronged till,
We were yesterday's dream,
Feel like there's no way that,
I can be myself,
Ever again,
Ever again.

We were like brothers,
At times of pain and grief,
You were the only one that I hope,
But there was you that night,
Riding her on my bed,
Destroying all my faiths about good lives.

It was never meant to be this way,
It was never meant to be this way,
It was never meant to be,
It was never meant to be.

What I've wronged you,
Is this what I get from,
All the sacrifices,
I have given you,
What I've wronged till,
We were yesterday's dream,
Feel like there's no way that,

I can be myself,
Ever again,
Ever again.
