chorus] repeat 7 times

Two wrongs don't make a right but it damn should
make us even...

Verse 1:

FUCK PEACE I want justice
I'ma nigga with a gun and a right
mine will bust this
fuck this
I'm mad at the world and hell
I got a vengeance
My first offense
I caught a life or death sentence
the real black homeys in jail
pull out protection
its killing me
calling these facilities
correction
since its not scaring us
come on my fellow prisoners
time to go to war
if we dead at least they'll listen to us
time to get a tek
and go step to president
USG citizen
fuck american president
nnyyaaa
I gotta speak ya betterment
Issac slayed for my niggaz who got hanged

they said "throw ya guns" was negative, I say fuck
them
they the ones who put the guns in the ghetto for
destruction
this is depression
the suction
give out direction
what we need to do is point the guns in the right
direction

[chorus] repeat 4 times

Two wrongs don't make a right but it damn should
make us even...

Verse 2:

Yo its only gettin worse
I'm a person controverse
and tell you where I'm from is a savage redman curse
I'm the illest
the biggest
experiment
what are we getting the kids in the projects
when we're the ones spilling it
they gave us guns and drugs
and watch us bug and rub
each other out
stop doing what they love
now-retaliate
instead of convict and get barred
and flip this shit like food of the gods
(they say) We got the animal mentality
show them the raw reality
if you real you ain't mad at me
but if you is, so the fuck what?
me and my peeps came to claim the brown mans cut
which was friendly hours this the hour
had the doo-wa-doo
fuck those-nuclear powers
dead beat
we gotta form our own crop
dominate infiltrate and feel great till it burns down
and when it burns, its goin up in blazes
we gotta go we should have been since the fucking
dark ages

[chorus] repeat 8 times

Two wrongs don't make a right but it damn should
make us even...

Verse 3:

I have a dream, that I must reveal
so I pinch myself to make sure its real
first we gotta destroy and then rebuild
even if it mean that I'ma get myself killed
dont make me no difference I done wrote my will
and talking bout what they did to us was dumb

what we need to be talking about is what we gonna do
to them
I'm getting dangerous its the last thing I do
when I start speaking in tongues the holy ghost
couldn't save you
so do you want answers?
(yeah I want answers, I want the truth)
you want the truth? you couldnt handle the truth
cause they got us brainwashed to be the minority
but when we kill them off we're gonna be the majority
see I was raised to fight for what I believe in
I wont forget camp kid I'm trying to get even
and if the white speak up then I'll lead my people
cause two wrongs dont make it right, but it damn
should make us equal
I'm insighting riots so lets start the lootin
and who ever cross the laws I guess we'll just got to
shoot them
cause in this revolution I loathe my enemy
I'm agnostic plus I got no identity
so levels of life dont keep your hopes up high (why?)
because its just a matter of time before its your turn to
die
but until then when you stop breathing
its time to stand up and fight for what you believe in!

[chorus] repeat 8 times

Two wrongs don't make a right but it damn should
make us even
