"it's the beginning of a new and excitingly different story!"

"aight listen" -> rakim

{*needle rips across a record*}

[fredro starr]

What's the matter with my braiiiiiiin?

I can't think clear, oh it's the hair

Run and get the razor, gotta make it disappear

There! now I've got a open mind

Plus some grease to give it a shine

[big ds]

Baldheads and hoodies, black jeans and boots ta

Move by the millions and children stay rough

But uhh one for the road, til I get wetted

Try to riff and conflicts get deaded!

Gats in back of baseball caps, when I react

Six rascalz'll have to get stacked!

[chorus: onyx]

It's attack of the bald heads

Attack of the bald heads

Attack of the bald heads (attack!)

Attack of the bald heads (attack!)

Attack of the bald heads (attack!)

[sonee seeza]

Most times I get dirty, down-low, scandalous, crazy,
connivin

Wild! suckers now i'll

Smoke them like the bloody buddha but, bald head
style

Triple zero against ya grain, I shaved it close

And nick them (whahh!) cause it's just another victim!

[sticky fingaz]

(shhhhhh!) what? (shhhhhh!) what? !

(whassup whassup!) listen, do you hear what I hear?

(yeah)

Sounds like an intruder comin in the rear

(aiyyo stick, stick 'em) nah I wanna kick 'em

[sonee]

I've got the glock cocked, I'm wid it
Now they gonna get it!!

[big ds]

I got him, I shot him, he hit rock bottom
I flip it, get wicked, and wild when I spot him
Ds knows best, yep I pack a heater
Twenty bags of cheeba, slow up you damn speeder

[f] we rush on 'em hard (bring 'em out dead!)

[s] onyx rush on 'em hard (bring 'em out dead!)

[sf] bald heads rush on 'em hard (bring 'em out dead!)

[ds] stinkin, what the hell was they thinkin?

[chorus: onyx]

The bald heads..

Attack of the bald heads (attack, attack!)

Attack of the bald heads (attack, attack!)

Attack of the bald heads (attack!)

Attack of the bald heads (attack!)

.. bald headz, attack!

[sonee seeza]

I got news now, but proves, no way no how

(so give it away, give it away, give it away now!)

Smooth as a baby's ass, headed for the body blast,
buddy

Escapin through the ghetto, pigs bloodied

Wilder than wolverines, run with a scheme team

Meaner than mean dean, obscene and head's clean

So while aware for well, there goes the big bell

{*ding!*}

And that means see ya, hate to be ya!

[big ds]

My clean beat production, so damn disgustin

In the cut, bust ya gut, and head bussin

Ain't no escapin, da mad face invasion

Hot ice and cold steel, bustin up in ya grill

Word to God I get odd

And even leave a punk dread out, sliced up the scalp

Maaaan! I'll leave ya head in shreds

Attack of the bald heads, attack of the bald heads

[sticky fingaz]

Aiyyo!!! what's goin on with the world?

Yesterday, seen a bald head girl

What? move!! you heard what I said

I wouldn't be caught dead without a bald head

Make one false move and i'ma fill ya with lead
Cause there's enough dum-dum bullets for ya whole
bum bum-
-rush crew, who should I do?
Attack of the bald heads, we comin through!

[chorus: onyx]

Attack of the bald heads
Attack of the bald heads
Attack of the bald heads (attack, attack!)
Attack of the bald heads
Attack of the bald heads (attack, attack!)
Attack of the bald heads
Attack of the bald heads (attack!)
Attack of the bald heads (attack!)

[sonee seeza]

(I got news!) attack of the bald heads!
The onyx; rippin it.. from '93 to the year 2000!
Worrrrrrrrrd the fuck up!!

[sticky fingaz]

Cut ya hair we still never stop!!!
