Let all the live niggas in
Kick all the bitch ass niggas out
We came to rock and shock the house
Turn it out and out and out

Aiyo the words could get intricate vocab's in my temple
But I'ma do this ripper dipple it's your mentals is what
I'm into
(For the money)
It's essential and I got ta have it

A verb addict without an author with the verbals we hurt
'em
(Who?)
Ever try to defy these guys they
(Fry)
And they skillet, to all that shit you say you do
(Kill it)

You yappin' [unverified] urkin' me and back slappin'
You ain't no punchtop, it's you is the cappin'
(Guess what?)
It's here and there, we're the core
(The centre)

And if Tommy gets live once more, we're back on his
agenda
And for y'all hopeful niggas, tryin' ta be contenders
(It's a storm)
And we come down like goose coats in the winter

Let all the live niggas in
Kick all the bitch ass niggas out
We came to rock and shock the house
Turn it out and out and out

Yeah, ain't no slackin' in my action
I put my back in beatin' tracks in
Official now cold smash and jaw tappin'
(Yo, what happened?)

Nuttin', just niggas bustin' caps when I was rappin'

'Cos niggas be packin' pretty brand new pistols just for fashion
'Cos a fraction be actin' frontin', makin' Jacksons off of satin
But there better be no procrastin' with the axe when you're blastin'

'Cos when you're maxin' and relaxin', that's when they start attackin'
(So)
Get the gats, forget the backs and like there's no compassion
Keep ya heat cos nowadays these streets is cold as the Alaskan
Plus my brain sparks and my hat in Staten stay phattin'

Let all the live niggas in
Kick all the bitch ass niggas out
We came to rock and shock the house
Turn it out and out and out

Give me the shotty, let me liven up the party
I like to start trouble, 'cos I'm a little rowdy
And with just three MC's that like to fight
Even when we start the shit we always end it right

So for alla y'all, frontin's bad for ya health
'Cos in the '9-fever, army goin' for self
Kids is true for a cause and it's these fucked up conditions
That we all hate, well fuck it if it's our fate

Just listen up, to what I say
'Cos niggas get shot daily, everyday
Even my man got killed, now his family's mournin'
But from all the dirt he did I know that, hell is callin'

Went to his wake and shit got held up
By niggas with masks on their face, I couldn't escape, I was fucked
They said, "Everybody in here, up against the wall
That dead nigga owe me money so I'm collectin from y'all"

The people gave him struggle, five minutes went fast
When I said, "I ain't givin y'all niggas shit
I'ma just have to get plastered"
From the centre of my life, a full-fleshed thief and I'm the truth
That's why we always have proof

Let all the live niggas in
Kick all the bitch ass niggas out
We came to rock and shock the house
Turn it out and out and out

Yeah, we do it like this and we do it like that
Who's in regulation? Watch your back and pack a gat
Never fall asleep, keep ya heat in your sheet
'Cos goin' out is what it's all about

Onyx, live
Onyx, live
Onyx, live
