[Intro: Fredro Starr]

Yo what's the problem?  
That's what I thought  
What the fuck you looking at?  
Yeah, yo, for all the our street niggas  
All my project niggas  
All the niggas out on the corners  
And the fucking everyday struggle  
Come on, Yeah , What , Yeah  
Tired of these niggas man  
Straight like that, fuck that  
Yeah, What, Yeah, Survive for these niggas  
Onyx to the death mutherfuckers

[Fredro Starr]

Onyx is gritty, grimey, the gutter  
Projects, techs, nines, black Escalades  
Low down, shiftee, mad at the world, straight gully  
Villians, crooks, thieves, terrorists, killers  
Drug dealers, Hennessey, ecstasy  
Weed, Queens, Brooklyn  
Robbin, stealin, stabbin, shootin, wylin  
Criminals, thugs

[Sonsee]

Bloods, Crips, disaster, war  
One gun, two gun, three gun, four  
Rich, poor  
Life, death, God the devil  
Onyx the rebels  
Pain, anger, danger  
Real, chicks banger  
Knives, guns, streets, gutters  
Robbers, mothers, back the fuck up, move back  
motherfuckers

[Sticky Fingaz]

(Move back motherfuckers)

[Sonsee]  
We spicks, rivals, braids  
Heads, we bang, murderous  
Metaphor, dance, newer, quicker  
Hyper, calmer, bigger, faster, better  
Stronger, obnoxious, filthy
