#### Chorus

Baby move me me  
Baby move me me  
Baby move me me  
Baby move me me  
Baby move me me

Repeat Chorus 1x

#### Verse 1

When I stepped up in the place  
I seen that look all on his face  
I know he think that I'm the one  
But I'm only here for fun  
I wanna dance to my favorite song  
I wanna party all night long  
If he don't dance with me on this floor  
He's gonna get his self ignored

#### Chorus

#### verse 2

Looks like he's coming my way  
I think he's about to make a play  
See I want to be in his groove  
Trying to see how he can move  
Don't know why he waited so long  
Either it feels right-or you know it is wrong  
You got to dance with me before we get to the going  
home  
It took so long the dj got to play another song

#### Bridge

Move me

Repeat Bridge

#### Chorus
