Your buried secrets are fighting to stay alive,
Just because you bury secrets doesn't mean they die,

Chorus

Being with you is what I want but it is not what I need
You are not what I need
I need you away from me

Loving you is what I want but it is not what I need
Love is not what I need
I need you away from me

Being with you is what I want but it is not what I need
You are not what I need
I need you away from me

Loving you is what I want but it is not what I need
Love is not what I need
I need you away from me

Verse 1

I been watching you for weeks
I don't know what you think
All the lying and betraying
All my love you are delaying

If you don't want me around
I would gladly leave right now
But, you need to be up front instead of playing with my
love
Thats right, you need to be up front instead of playing
with my love

Bridge

Your buried secrets are fighting to stay alive,
Just because you bury secrets doesn't mean they die.

Chorus

Verse 2

What makes you think if you sneak around
Your secrets would never get found
I'm too smart for your dumb ass
I'm the teacher your just in the class

Of course your caught
I don't know what you thought
No tricks on me could you get pass

Bridge

Chorus
