You and I  
I've just said you goodnight, goodbye  
Days fly by  
I feel the lack of your smile, all the time

I can't sleep, i can't breathe  
Life is so empty now  
You're leaving  
This is my new world without you

Somewhere i saw the sunset  
It's in your heart  
(it's in your heart i can't forget)  
Blindness makes me weak  
Like the love i've never had  
(I've never had your love)

You and I  
We had never shared the same sky, the same night  
At the top of the stage we've played our  
shakespearean roles  
So long

I want to scream, i want to live  
Everything's changing now  
Open my greedy eyes  
This is my fuckin' new world

Somewhere i saw the the sunrise  
It's in my heart  
(It's in my heart, i finally changed)  
Strength makes me feel  
Like the man i've always been  
(i've always been better than you)

Deep inside i surely know, the love for you will never  
ends  
Even the dark is brighter than me, i run away, i run  
away

Somewhere i saw the sunset  
It's in your heart

(it's in your heart i can't forget)  
Blindness makes me weak  
Like the love i've never had  
(I've never had your love)  
Somewhere i saw the the sunrise  
It's in my heart  
(It's in my heart, i finally changed)  
Strength makes me feel  
Like the man i've always been  
(i've always been better than you)
