I can't save now my heart from you
I can't save now my eyes from you
Because€ because you're here

When you kiss me i see in you
that the love for me is really true
and now, you're still be here

But what would you say, if i tell you
it's only a dream

You're just a friend in my real life
what i deserve it's more than a goodnight
I know, it's hard to please me

Everytime you brake up with a jerk
and you spending time understanding what was wrong
I'm always there

If i wrote this song, why cannot explain
the words that mean universal love
eyes are blind, minds are lies
the truth is that i want you

it's the same old story that i'm living
you're crying and explaining why
it doesn't work

And then you hug me
yeah you hug me
You're the best thing in that weird world
And then you kiss me
yeah you kiss me
And my heart's beating faster faster faster

If i wrote this song, why cannot explain
the words that mean universal love
eyes are blind, minds are lies
the truth is that i want you
If i wrote this song, why cannot explain
the words that mean universal love
eyes are blind, minds are lies

the truth is that i want you
