I hope you eyes just smile forever
Only once I told a lie
I hope these days go on forever,
And I'm always right by your side.
You're all I want to know
For the rest of my life!
I can't help what time is done,
And how long I've had to wait
Now I found your hand in mine
I hope I didn't come too late
There's no beauty like your face in the morning light!

Chorus:

And all my life I have been so scared
And I never knew I never wanted you there
I've been broke, been bust, been snared
So love lost and under-prepared, baby
But now that I found you, now that I've got you
I've got everything, my dear!

Cause you mean everything to me, my dear,
You mean everything to me my dear!
I see you in my thoughts, and I hear you in my sleep
And now that I've found you,
Now that I've got you
I've got everything!
And the feeling that you give me is like a runaway train
If I hold you like i wanna, You would never go away
My dear, hear me when I say!

Chorus:

And whole my life I have been so scared
And I never knew I never wanted you there
I've been broke, been bust, been snared
So love lost and underprepared, baby
But now that I found you, now that I've got you
I've got everything, my dear!

I love you sleeping with your socks on
And I love your laughter in our house
I love your smile in the morning
And I love your head upon my chest

I miss your kisses in the evening
(Baby when you're away)
And I miss my hands on your hips
(baby when you're away)
And I miss the smell of your perfume
And the lipstick on your lips!

Chorus:

And whole my life I have been so scared
And I never knew I never wanted you there
I've been broke, been bust, been snared
So love lost and under-prepared, baby
But now that I found you, now that I've got you
I've got everything, my dear!
Now that I found you
Now that I've got you
Now that I found you
Now that I've got you
I've got everything my dear!
