you were young, i was torn
fell in love, so wrong
like all the pledges we have sworn to
from the moment we were born

there's a change in the weather
i believe it's getting better
i will walk like a man
i will run like hell

ann marie take me in on this cold, cold night
with a lift of your blanket you'll make it alright
i've got 2's in my heart, i've got 3's on
on my plate
i'm so fucked up right now and it feels way too late

if you were suicide i'd buy a rope
because nowadays i won't cope
with all the trenches, with all the games
you give me reason to go down in flames

there's a change in the weather
i believe it's getting better
i will walk like a man
i will run like hell

ann marie take me in on this cold, cold night
with a lift of your blanket you'll make it alright
i've got 2's in my heart, i've got 3's on
on my plate
i'm so fucked up right now and it feels way too late

like a window into darkness
i am open to your madness
come on over, take a shower
four-leaf clovers topple flowers

ann marie take me in on this cold, cold night
with a lift of your blanket you'll make it alright
i've got 2's in my heart, i've got 3's on
on my plate
i'm so fucked up right now and it feels way too late
