Don't be shy, boy
A country girl likes a little volume
Turn up the volume
Hey, hey

I ain't the kind of girl
That falls for a boy like you
With your pants ridin' low
Spending all your time on the cellphone

'Cause every time you drop by
Yeah, were catchin' eyes
Somethin' inside makes you want to take a ride

Make a Uturn
Turn that car around, baby
Pick me up
I ain't got all night, honey
Hurry up
Take me for a ride
Make a Uturn, a Uturn
Hey, hey, hey

Alright

Before you try and take it slow, you should know
I've got a thing for speed
Don't even hit the brakes, show me what you got
Baby, you ain't gonna scare me, no

'Cause every time you drop by
Yeah, were catchin' eyes
Somethin' inside makes you want to take a ride

Make a Uturn
Turn that car around, baby
Pick me up
I ain't got all night, honey
Hurry up
Take me for a ride
Make a Uturn, a Uturn

Hey, hey, hey

Alright

Don't be shy, boy
A country girl likes a little volume
Turn up the volume
Crank up the tunes boy
I'd love to hear your radio boom, boom, boom, boom

Don't be shy, boy
A country girl likes a little volume
Turn up the volume
Crank up the tunes boy
I'd love to hear your radio boom, boom, boom, boom

Make a Uturn
Turn that car around, baby
Pick me up
I ain't got all night, honey
Hurry up
Take me for a ride
Make a Uturn, a Uturn
Hey, hey, hey

Alright, oh

Uturn
Turn that car around
Pick me up
I ain't got all night, honey
Hurry up
Take me for a ride
Make a Uturn, a Uturn
Hey, hey
