Ooh, black water rising
Ooh, black water rising
Ooh, black water rising
Ooh, black water

Oh you left when the sun was at warming rise in the
sweetest skies and my watery eyes
I recall it was a crumbling wall and it pulled you out and
I couldn't hold on baby
You belong in my heart
my heart, my heart
Baby, you belong in my arms
So strong...

But now you're flying with angels
You're flying with angels
Leaving me breathless
Here without you...
Now you're flying with angels
Flying with angels
Leaving with angels
Why not with me...

Ooh, black water rising
Ooh, black water rising
Ooh, black water rising
Ooh, black water

And I guess that I always knew
That you're way too good for this world
And I guess that I always knew
That you're way too good for this world

Oh if I could just see you once more
Oh if I could just feel you
Oh if I could just hold you
If I could let you go...

But now you're flying with angels
You're flying with angels
Leaving me breathless
Here without you...

Now you're flying with angels
Flying with angels
Leaving with angels
Why not with me...

Ooh, black water rising
Ooh, black water rising
Ooh, black water rising
Ooh, black water...
