Ocean flood earth on fire  
May our greed be undone  
All one blood one desire  
May our kin see the sun

How could we let it come this far?  
Ooh..

Chorus:  
Ooh, And I am, yes I am, yes I am  
Just a little bit shellshocked  
But I stand but we stand, make a stand  
Are you ready to be rocked?

Ignorance has ruled the world  
It's high time to let our voices be heard  
Politicians are you really on a mission for the good for  
the world?  
How could you, how could you,  
how could you, how could we  
Let it come this far, Let it come this far

Heart beats fast from the fever  
Will the cure come in time?  
No placebo deceivers  
We must step out of line

Cause I am, yes I am, yes I am  
Just a little bit shellshocked  
But I stand but we stand, make a stand  
Are you ready to be rocked  
Cause I am, yes I am, yes I am  
Just a little bit shellshocked  
But I stand but we stand, make a stand  
Are you ready to be rocked

Ignorance has ruled the world  
It's high time to let our voices be heard  
Politicians are you really on a mission for the good for  
the world?  
How could you, how could you,  
how could you, how could we

Let it come this far, Let it come this far

Aaah....
