Iâ´d been lying down here and wondering why  
There was a big giant space ship in the sky  
And what theyâ´d want from little me  
They beamed me up and I said hi,  
I never knew that I could fly  
This high without my herbal tea

Funny how they looked down on me  
Funny how they poked holes in me  
Iâ´d been lying down here and wondering why  
There was a big giant space ship in the sky  
And what theyâ´d want from little me

They stripped me down and tied me up  
Iâ´d plea for mercy wonâ´t you stop  
I am not the evil kind  
They pulled out cords and shaved my hair  
I saw my life pass in a flare  
They said "we just wanna read your mind"

Funny how they looked down on me  
Funny how they poked holes in me  
They stripped me down and tied me up  
Iâ´d plea for mercy wonâ´t you stop  
I am not the evil kind

I tried every word I ever learned in every language of  
the world  
But they just didnâ€™t seem to hear  
I guess they didnâ´t have a heart â´cause if they did  
theyâ´d feel my pain  
But they kept messing with my brain  
Funny how they looked down on me  
Funny how they poked holes in me  
I tried every word I ever learned and oh my heart cried  
out with fear  
But they just didnâ´t seem to hear

Funny how they looked down on me  
Funny how they poked holes in me  
Iâ´d been lying down here and wondering why  
There was a big giant space ship in the sky

And what they'd want from little me  
And what they'd want from little me  
And what they'd want from little me
