She's got the thing that can make you talk  
She's got the eyes that scream innocence  
I forward tonight  
Don't let her out of sight  
I wish that she was mine

You're gonna talk to her  
You're go  
Why can't it be me that you were looking for  
Cause in my mind  
We go out for ice cream in my car

She's so fine  
That I lost my mind tonight  
I know I'll be fine  
Hugging my pillow late at night  
You know I wish you were my girlfriend, girlfriend

She's on the floor so I make my move  
But as I do I trip from my untied shoes  
She asks are you okay?  
But I can think what to say

I just stare into her perfect eyes

She's so fine  
That I lost my mind tonight  
I know I'll be fine  
Hugging my pillow late at night  
You know, I wish you were my girlfriend, girlfriend

Let's go to the movies  
I will pick you up at 8  
I can borrow my dad's car  
As long as we are not home late  
I'll take you out for dinner  
Just so long as you can pay  
And at the end of this night  
I'll hope that you will say

You're so fine

That I lost myself tonight  
I know I'll be fine  
Hugging your pillow late at night  
I am so glad you are my girlfriend, girlfriend
