When the World says
It seems wrong
There's something about you
that makes me strong

You're like a song
And I know
My place is here, beside you

Before I met you
Nothing made sense
I didn't know what was the real love
But today, I can say
My world turns around yours

Chorus:
I can't explain, when you hug me
I feel secure, not afraid anymore
How can I understand? that you change
and make my life "upside down"
Together, we can have it all
I can't explain, when you hug me
I feel secure, not afraid anymore
How can I understand? that you change
and make my life "upside down"
Together, we can have it all

When You look at me
When you touch me
Make me feel things that I never felt
When you kiss me
When you love me
I feel that you were made for me

Before I met you
Nothing made sense
I didn't knew what was the real love
But today, I can say
My world turns around yours

Chorus:
I can't explain, when you hug me

I feel secure, not afraid anymore
How can I understand? that you change
and make my life "upside down"
Together, we can have it all
I can't explain, when you hug me
I feel secure, not afraid anymore
How can I understand? that you change
and make my life "upside down"
Together, we can have it all

Solo

Chorus

I tried to put into this song
the love that I feel for you
Sorry, but words are not enough
Because you'll be Forever Mine.
