He simplified the rules of life  
And came so we can live in full  
He loved, beheld each one of us  
to make us all his miracle

He freed us from every fear  
And promised he'll be always near  
He turned our work into a cause  
Beyond his death for our cross

But there are those who do not share  
This knowing that he'd always care  
To those who'd always humbly bear  
Their consequential cross without despair

Chorus:  
Let Jesus be Known  
So that he may be loved  
By all those who wonder  
If they are beloved  
Let us spread the good news  
That he seeks us to find him  
So that all of us know of his love

He laughed, He cried, He walked with us  
Because he wanted us to see  
That he is just like one of us  
Who trusted more on what we could be

He told us of a truth  
That sets us free and showed us  
How to walk path  
He's calling each of us this humble man  
From Galilee

To share to those who do not share  
This knowing that he'd always care  
To those who'd always humbly bare  
Their consequential cross without despair

Chorus:  
Let Jesus be known

So that he may be loved  
By all those who wonder  
If they are beloved  
Let us spread the good news  
That he seeks us to find him  
So that all of us know of his love
