I want a place where we can go
I want to be the one who knows you
I want to be the one who shows you
You're never going to have to be alone
I want a place where we can live
I want to be the one who gives you
Everything you've ever wanted
I want a place that we can call our home
I don't want to be a movie star
I don't care if I drive a fancy car
I don't want to be a rock star
Okay, I'd kind of like to be a rock star
But anything that I do I don't care
As long as you're the one who's there when I get home
You're the one I'll lie with
You're the one I'm gonna die with
If I'm gonna cry you're the one I want to cry with
As long as you're around I'll never be alone
You're the one I'll sigh with
You're the one I'll tie the knot with
You're the one I want to read Robert Bly with
As long as you're around I'll always have a home
And even though we've had our doubts
I know we'll work them out
And so we'll find a place to go
We'll make our space
Just say you'll love me every day
I'm here to stay
I swear we're halfway home
